

DogsNZ Agility Standing Orders - Section 1

Introduction and Compliance

Introduction

The Standing Orders have been created to provide NZ Agility areas, clubs and competitors, with information related to Agility matters.

They cover any Agility procedure and policy not otherwise documented in either the Agility or Show regulations.

Compliance

Policy contained in these Standing Orders has been passed by unanimous vote at a DogsNZ Agility Committee Meeting. It is the intention that all clubs and individuals be required to comply with such policy. The Standing orders carry the same weight of compliance as the regulations themselves and are outlined as having that value on Page 2 of the DogsNZ Agility Regulations.

Contacts

For any questions or matters arising from the Standing Orders, please contact the Agility committee. The contact details are available here:
