

MODIFYING A SENIOR COURSE TO CREATE JUMPERS A.

by Karen de Wit (Feb 2012)

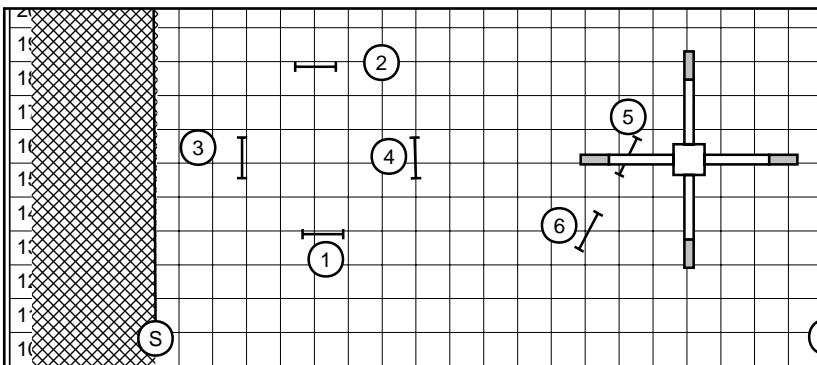

This is a Senior agility course. We are going to modify it in a few easy steps to create a Jumpers A level course.

To do this we will:-

1. Look at the position and the challenges related to the contacts and the weave poles and attempt to re-create these using jumps.

Below: two jumps have been placed where the crossover was to create a turning challenge.

2. The next obstacle not required for Jumpers is the weave. In this case two jumps are used, with a sendout for the first one followed by a serpentine manoeuvre.
