

Application to compete in a higher height category

In terms of Agility Regulation 10.1.2.6.1, owners of Micro, Mini and Medium dogs may choose to have their dog compete at a height one level higher than that which the dog is measured at. Owners wishing to do this must apply to the Dogs NZ Agility Committee (“DNZAC”) for approval prior to competing at the higher height.

If approved, the dog’s measurement certificate will be endorsed by the DNZAC and will show which height category the dog will compete at. The dog must compete at this height category thereafter, unless otherwise approved in terms of Agility Regulation 10.1.2.6.2.
