Correspondence

Outstanding Correspondence (Starred in Loomio)

Equipment/CoF

CoF process Zone 1 – no progress at this stage.

New labels seem to be working – roll them out for use at club CoFs.

Judges

Approve the following promotions:

- Lloyd P to Ribbon Panel
- Wayne G to Agility Panel
- Chris Moody to Senior Panel
- Justine Dale to Senior Panel

Discussed other Judges seeking graduation. Decided that more course design work, more support and mentoring to be offered before graduation, apply again in 6 months. Bevan to review courses at the upcoming weekend's ribbon trials and report back to AC.

Regulations –

“Unscratching” – The AC do not find this in the interests of sportsmanship – a message on Facebook to mention this.

Cancelling shows

Tauranga/Mt show was moved to alternative grounds which was a good idea – message on FB to show that the AC approve of their decision and support the club's initiative.

The only guideline is to take into account welfare of dog and handler and the condition of the grounds. Happy for the show committee to talk to any AC member. The final call to be in the hands of the show committee.

New Regulations Not being followed

Persons concerned have now followed the new rules and the matter appears to have been resolved. There appears to be a lack of etiquette amongst competitors and perhaps a column in the DogWorld explaining the behaviour expected. - Karen

Any Other Business

- DAWG given up to \$5,000 with the proviso that auditor places are fairly cheap.
- Zone 3 DAC venue decided as Manfeild.
- NZKC to create a list of agility voters in time for the election.
- Bevan to follow up on uniform jackets for AC

Meeting concluded at 9:35pm
